

## ARTICULATION AGREEMENT

BETWEEN

Webber International University

AND

South Florida State College

This agreement is entered into on this date by and between Webber International University (Webber) and South Florida State College (SFSC).

WHEREAS, the parties desire to coordinate curricula so as to assist students in transferring from SFSC to Webber, and

WHEREAS, the parties desire to promote the most efficient and effective use of their resources, and to offer students the broadest possible range of educational opportunities, and

WHEREAS, the parties desire to encourage and facilitate the establishment of specific articulation provisions between Webber and SFSC.

NOW, THEREFORE, the parties, through this document and institutional addenda, agree to cooperate in articulating programs in accordance with the terms set forth herein.

Webber shall recognize the Associate in Arts (AA), Associate in Science (AS), Bachelor of Science (BS), and Bachelor of Applied Science (BAS) degrees as the transfer degree from SFSC.

- I. Webber shall specify and publish the programs articulated with the Associate, Bachelor of Science, and Bachelor of Applied Science Degrees.
- II. Webber shall specify and publish the program requirements and related prerequisite courses for each program listed under Exhibit A.
- III. Webber shall consider general education requirements met for students with a SFSC AA or AS degree and develop program career pathway for degree programs.
- IV. Webber and SFSC shall agree to the following conditions:
  - A. SFSC students who transfer with an AA or AS degree under the terms of this agreement shall enter Webber with junior standing.
  - B. SFSC students who earn a bachelor degree under the terms of this agreement shall enter Webber's MBA program meeting the same admission standards as that for Webber bachelor graduates for their catalog year as outlined in Exhibit A.
  - C. Courses taken by a SFSC student transferring under the terms of this agreement shall be given every consideration for optimal transfer using the catalog of initial entrance to

SFSC. A student will have the option to follow the current catalog; however, a student must have maintained continuous full-time enrollment as defined by Webber, i.e., 12 credit hours in fall and spring terms, respectively, and the transfer must be direct from SFSC to Webber.

- D. Admission of a SFSC student to Webber will depend on the continuation of the program at Webber. Program discontinuance will remove any obligation of Webber to comply with the provisions of the Articulation Agreement relative to the discontinued program.
- E. The grade of “D,” “F,” or “W” will neither transfer nor count toward the baccalaureate degree unless it was earned within a completed associate’s degree.
- F. Webber shall accept up to 69 credit hours to be transferred and applied towards the awarding of a baccalaureate degree. However, the student must meet the specific degree course requirements of Webber, which may mean extending the number of credit hours to earn the degree, if the 69 credit hours transferred and applied do not include all of the degree prerequisites.
- G. Webber Institutional Scholarships are available to SFSC graduates:
  - 1. Academic scholarships are available to full-time students in the traditional programs who have a cumulative GPA of a 3.00 or higher. An additional \$1,000 annual scholarship is available to students entering Webber through this agreement.
  - 2. Students entering Webber under this agreement who will be a member of a Webber athletic team will be awarded athletic scholarship at the discretion of the appropriate team coach. Academic scholarships for athletes may be included.
  - 3. SFSC students who apply to Webber’s adult program are not eligible for the Webber scholarship opportunities since that program already has reduced tuition.
  - 4. Students with a SFSC Bachelor degree entering the Webber MBA program under this agreement will receive a 25% discount on regular tuition.
- H. Only courses taken at Webber will be used in compiling a student's cumulative grade point average, and Webber may specify the grade point average required for admission to major fields of study and for graduation.
- I. Authority over all academic policies or practices not mentioned in this agreement shall remain with the institution at which the student is enrolled.
- J. Programmatically, the forgiveness policy for Webber shall prevail, except that the GPA calculated by SFSC for the awarding of an associate’s degree shall be the GPA used to

determine admission into the program.

V. During the period of this agreement, SFSC shall:

- A. Publicize the articulation agreement among the faculty, staff, and students at SFSC.
- B. Make available to SFSC faculty members, counselors, students, and other appropriate individuals at SFSC, Webber's admission requirements; course program requirements; program prerequisite courses, other related requirements; and the course equivalency lists.
- C. Coordinate with Webber's Director of Admissions and staff to initiate and facilitate information sessions at SFSC for students.

VI. During the period of this agreement, Webber shall:

- A. Refer Webber students to SFSC for enrollment in courses not offered by Webber during a specific term.
- B. Conduct a campus tour day for SFSC students at least once each semester coordinated through the SFSC Dean, Student Services.

VII. Both parties agree:

- A. To review the Articulation Agreement annually. The Vice President for Academic Affairs and Student Services at SFSC will initiate the review.
- B. To cooperate on curricular changes that will facilitate future student transfer.
- C. To exercise best efforts in exploring and developing mutually beneficial financial aid programs for students directly affected by this agreement.
- D. To review instances of student transfer and admissions difficulties and recommend appropriate solutions.
- E. To recommend the resolution of issues and policies which will improve articulation between the institutions.

VIII. Articulation Agreement.

- A. The Articulation Agreement shall be in effect until terminated.
- B. Proposed modifications, additions, or deletions to the Articulation Agreement must be in writing and signed by both parties.
- C. Termination of the Articulation Agreement must be submitted with 30-day notice, in writing, to either party. The termination will be in effect beginning with the following

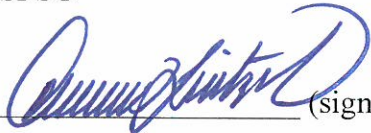

Fall term. Webber shall abide by the terms and conditions of the Articulation Agreement with respect to all students who were enrolled in Webber on or before the effective date of termination, except in regards to terminated programs.

D. Any modifications, additions, or deletions to this Agreement must be in writing and signed by both parties.

THIS AGREEMENT shall take effect on the date above and shall remain in effect until terminated by either party.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date first above written.
