Definitions:

Domestic Violence: means a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person.

Sexual battery: means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, sexual battery does not include an act done for a bona fide medical purpose.

Sexual Battery Defined: Any sex act between persons is sexual battery by either of the participants when the act is performed with the other participant in any of the following circumstances:

- 1.The act is done by force or against the will of the other. If the consent or acquiescence of the other is procured by threats or violence toward any person, or if the act is done while the other is under the influence of a drug-inducing sleep or is otherwise in a state of unconsciousness, the act is done against the will of the other.
- 2.Such other participant is suffering from a mental defect or incapacity which precludes giving consent or lacks the mental capacity to know the right and wrong of conduct in sexual abuse.
- 3.Such other participant is a minor under 18 years of age.

Sexual Assault - The term "sexual assault" is not a specific criminal offense in violation of the Florida Criminal Code but is commonly used to include criminal offenses such as sexual battery, sexual abuse, sexual misconduct, and severe types of sexual harassment. Any form of sexual misconduct will violate this student code of conduct.

Sexual harassment: harassment directed solely at members of one sex and includes but is not limited unwanted sexual advances; unwanted verbal and/or physical, conduct of a sexual nature; and requests for favors either, explicitly or implicitly implied whereby. Submission to such conduct is made a condition of employment academic progress, or discrimination, coercion, and harassment. Any infraction of this policy is a serious violation and will result in disciplinary action, up to and including dismissal.

Webber International University is committed to establishing and maintaining an educational environment free from discrimination, coercion, or harassment. The University strictly prohibits unlawful harassment based upon race, color, religion, sex, sexual orientation, national origin, age, or disability.

Submission to or rejection of such conduct by an individual influence's decisions related to the employment or academic progress of that individual; or such conduct intentionally and substantially interferes with an individual's work performance or creates an intimidating, hostile, or offensive environment.

This policy prohibits any type of sexual harassment; verbal, physical, or visual---by coworkers, supervisors, students, vendors, or University agents.

Sexual harassment is prohibited as illegal and against University policy

Webber International University defines consent as:

Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent.

Consent in terms of sexual conduct is freely and actively agreeing together, with clear understanding, to engage in mutually agreed-upon sexual activities. Persons who can never provide consent include:

- Minors (in Florida, this is anyone under the age of 18).
- People with cognitive or social limitations that render them incapable of providing Consent.
- Incapacitated persons. Incapacitation can occur through excessive alcohol or drug use or for other reasons such as unconsciousness, being asleep, or being otherwise physically unable to respond fully and effectively to the environment, such that they cannot make a knowing agreement to sexual activity.
- In the case of drugs, alcohol or other impairing substances, incapacitation is determined by how the person's decision-making ability is affected and the ability of the person to make informed judgments. The relevant standard for review is whether the person alleged to have engaged in sexual misconduct ken, or a sober, reasonable person in the same position should have known, the reporting party was incapacitated.

Consent is dynamic and ongoing throughout any given sexual encounter. It can be revoked by either party. It does not "carry over" to future encounters. If one person's response is unclear or ambiguous, it is the other person's responsibility to confirm Consent.

Finally, intoxication is not the same as incapacitation. Thus, the use of alcohol or other drugs does not release anyone from the requirement to seek and provide Consent.

Title IX

Title IX of the Education Amendments Act of 1972 prohibits sex discrimination in educational institutions. It states, "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance". Title IX compliance is overseen by the Office of Civil Rights of the U.S. Department of Education. It is an amendment to the Higher Education Act of 1965 which, itself, sprang from the Civil Rights Act of 1964, including Title IV, which broadly prohibits harassment and discrimination on the basis of many personal characteristics including race, color, sex, religion, or national origin. Consequently, the University is responsible to address allegations of sexual harassment, discrimination, violence, and retaliation promptly, equitably, and reliably.

SaVE Act

The Campus Sexual Violence Elimination Act (Campus SaVE Act) of 2013 reauthorizes the earlier Violence Against Women Act (VAWA). With guidance from the U.S. Departments of Justice, Education, and Health and Human Services, institutions of higher education such as Webber International University are required to report annual statistics of domestic violence, dating violence, stalking, and sexual assault. The University must make community members aware of resources for victims of such acts, provide prompt, equitable, and reliable investigations of such reports, and establish sexual violence education and prevention programs.

For the purpose of clarity, sexual harassment, misconduct, violence, retaliation, and domestic violence, dating violence, and stalking may be referred to as acts of “sexual discrimination”. Unless otherwise specified, referring to one form of sexual discrimination does not exclude any other form. The term “harassment” will always be understood to comprise all forms of harassment, including sexual discrimination and harassment.

Victims’ Rights

Victims of sexual misconduct have the following rights during disciplinary procedures involving an accused student or employee:

- A. The right to have a person of their choice accompany her/him throughout the disciplinary procedure. This person will act as a support person or counsel but will not represent the victim while he/she appears as a witness.
- B. The right to assistance and advice of University staff with substantial knowledge of the student or employee disciplinary process.
- C. The right to submit a list of questions related to the alleged incident, prior to the hearing, that she/he feels the accused should be asked during the hearing process.
- D. The right not to have his/her irrelevant past conduct, including sexual history, discussed during a disciplinary hearing.
- E. The right to make a victim impact statement and to suggest an appropriate penalty if the accused is found in violation.
- F. The right to learn the outcome of the disciplinary proceeding upon request.

Drug and Alcohol Abuse Prevention Programs (DAAPP)

Webber is committed to compliance with the Drug Free Schools and Communities Act, and a campus culture that reduces alcohol and drug use, abuse, and illegal conduct. This commitment includes the development, enforcement, and continual evaluation of policy and programing, and promotion of awareness. Webber will continue to host and promote alcohol-free events and promote student learning opportunities in regard to alcohol and drug abuse. The University is committed to offering primary wellness and counseling options to students who are at risk or abusing alcohol and other drugs.

Alcohol and Drug Policy

In order to provide students, faculty and staff an environment which will permit and enhance the achievement of its mission, Webber has established the following policies regarding alcohol, drugs and other controlled substances by its students and employees.

Alcohol and Drugs

Alcoholic beverages are strictly regulated on campus or in residence halls. Only officially sponsored Webber functions in which alcohol is served, are permitted on campus. Students must show proof of age; University representatives and Webber will reserve the right to refuse alcohol to any student at a University sponsored function. A student living in the residence hall who is legal age may have alcohol inside his room. No open containers are allowed in the hallways, public areas or the grounds of the campus.

The sale of alcohol without a license is prohibited. The resale of alcohol is prohibited. Keg parties and beer are not permitted in the residence hall area without specific permission from the Dean of Student Life.

Large quantities of any alcoholic beverages are not permitted in the residence halls. Students who are of legal drinking age, who wish to consume alcohol, may assemble in a residence hall room; however, loud boisterous behavior will not be tolerated. Students may not participate in "drinking games" or "funneling" which encourage excessive drinking. Hazing activities related to alcohol abuse are strongly prohibited. A student of legal age who is using alcohol is responsible for his behavior and the behavior of his guests and is subject to discipline for irresponsible behavior.

Students of legal age who supply underage individuals with alcohol or who permit underage individuals to use alcohol purchased by the legal age student are subject to discipline and legal action according to the laws of the state of Florida. Public intoxication while on University property or attending a University sponsored event is prohibited.

The possession or use of any controlled substance (drug) without a valid prescription is prohibited. Violations of the drug policy are very serious. A student suspected of violating this policy is subject to a thorough room search by University personnel. The University will request law enforcement to take action if needed. The University will provide full cooperation with local law enforcement agencies for alcohol and drug-related violations. A student who is formally charged by a proper prosecution attorney with drug violations, following an administrative hearing, may be suspended until his/her case is adjudicated. Any off-campus facility such as a restaurant, club or hotel which hosts a Webber function is responsible for the distribution of alcoholic beverages in accordance with state law. Such facilities shall provide food and non-alcoholic beverages in sufficient quantity for students and faculty\staff who do not drink alcoholic beverages.

No illicit drugs or other controlled substances are permitted on Webber International University campus or functions by anyone; this includes students, faculty, staff and visitors. Controlled substances (i.e., medications) which are properly dispensed and prescribed by a licensed physician are permitted as long as the individual uses them in accordance with physician's instructions. Posters or other public display materials which market or advertise alcoholic beverages, drugs or other controlled substances must be approved by the Dean of Student Life prior to their display. Such materials may not propose chemicals as a solution for personal or academic problems.

Medical Marijuana Policy

Webber International University prohibits the possession and use of marijuana on campus, this policy includes university housing. Marijuana is not permitted on campus because it remains a drug prohibited by Federal law. Additional Federal legislation also prohibits any institution of higher education that receives federal funding from allowing the possession and use of marijuana on campus. The university continues to enforce its current policies regarding illegal substances or paraphernalia. Students who violate the university’s drug policy prohibiting the use or possession of illegal substances or paraphernalia, including medical marijuana on campus, are subjected to disciplinary action such as community service, removal from student housing, or dismissal from the University.

Fire & Safety Standard

A fire is any instance of open flame or burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Safety in Residence Halls

Fire Evacuation drills will be conducted once per semester to remind students of fast, safe, and orderly means of exit in case of emergency. Everyone is required to leave the building each time the alarm sounds. Failure to leave the building when the alarm is sounded will result in judicial action against a student. If a fire occurs: Pull fire alarm, dial 911 and exit the building through fire exits.

Fire alarms, smoke detectors, fire extinguishers, and exit signs are important protection equipment for all residents. Tampering, vandalizing and other damage of this equipment is prohibited by law and a student will be subject to judicial action.

Tampering with or disconnecting smoke detectors is a felony. A mandatory \$500.00 fine will be assessed by the fire marshal for each occurrence and students will be prosecuted and disciplinary action by the university will be taken.

All Student Housing buildings (Grace Hall, Camilla Hall, Dorms A & B, and Miranda) are equipped with an alarm system consisting of audible and visible alarms activated by manual pull stations or smoke detectors. In Grace & Camilla Hall smoke doors were installed in the Summer of 2010. In Dorms A, B, and Miranda Hall each individual room and common spaces (living room) are equipped with sprinklers. Fire alarms, smoke detectors, fire extinguishers, and exit signs are important protection equipment for all residents. Tampering, vandalizing and other damage of this equipment is prohibited by law.

Items Not Permitted in the Dorms

Smoking - Florida Law states that smoking cigarettes, E-cigs, vapes, or any other form of smoke is NOT permitted in enclosed public areas, which include (residence halls, bathrooms, hallways, lobbies, classrooms, labs, etc.). Hookah’s, bongs, and other smoking apparatus are NOT permitted on campus. Cigarette butts must be disposed of properly rather than thrown on the ground.

Appliance - As several rooms are wired into the same electrical circuit, caution must be taken not to overload electrical outlets. All appliances must be plugged directly into a wall outlet or into an approved power strip.

Acceptable appliances include PC's, TV's, typewriters, radios, stereos, percolators, popcorn poppers, fans, blenders, clocks, steam irons, drip coffee/tea maker, crock pots and blow dryers.

All appliances must have a U.L. seal. Irons must be kept in good condition and unplugged when not in use. Each room comes equipped with a Micro Fridge. Appliances not allowed include Microwave oven, Toasters, Electric Skillet, Sun/heat lamps, portable heaters, ceiling fans, Charcoal or Electric Grills, broiler ovens, hot plates, incense, candles, and any open coiled heating device. Electrical decorations are not allowed. As well as any appliances with a detachable cord, or open flame. All unapproved appliances will be confiscated.

Cooking - Because of the potential fire hazard and the effect of cooking on furnishings in your room, cooking is not permitted in residence hall rooms.

Disciplinary Sanctions

The following sanctions may be altered as determined by the President of the University or the Dean of Student Life. Furthermore, they are listed in the order of severity, generally, but are not necessarily administered in this order. A sanction must be completed during the semester it is imposed unless it is extended by the Dean of Student Life.

A. Restitution - Reimbursement for damages to or misappropriation of property. Clean up costs and labor costs will be included in restitution. Additional fines and/or sanctions may be imposed.

B. Admonition - A verbal or written warning to a student by an authorized Webber official for violation of University regulation. While a warning does not become a part of the student's permanent academic record, the admonition is part of the University record for a period of time.

C. Community Service - In response to a violation of a University rule or regulation, a student may be assigned community service hours to perform tasks on the campus or in the community. This sanction will always be imposed when the student's actions cause inconvenience or the loss of use of a facility or service to the Webber community. Additional sanctions may be imposed. For a list of Community service sanctions, see Dean of Student Life. Community service hours may be Bought out at the rate of \$20.00 per hour in the event of a justifiable conflict or if the student fails to complete the hours prior to the end of the semester. Approval by the Dean of Student Life required.

D. Fines - In some instances a fine may be deemed to be an appropriate sanction. Fines may be imposed in addition to other sanctions. If a fine is imposed, it must be paid in full within the time period designated in the action, or additional sanctions will be necessary. An automatic fine of \$50.00 is imposed for failure to complete a sanction by the deadline, in addition to any other penalty prescribed.

E. Written Reprimand - A written explanation of the violation and the possible consequence. Repeating the behavior after a written reprimand will result in very strong disciplinary action. Written reprimands are a part of a student's permanent record maintained in the Registrar's office and may be released with transcripts.

F. Social Probation - An official statement issued to cover a specified violation or violations of Webber regulations. Social probation may consist of one or several of the following sanctions. The student and his parents will be notified in writing of the probation and the duration of the probation. Further violation could result in suspensions or dismissal.

1. While on social probation, a student may not attend or participate in any Webber functions, including sports events on or off the campus or any functions given by a recognized Webber organization.
2. A student may not run for, receive, or retain an elected or appointed Campus office.
3. A student may not be rushed by, pledged or initiated into a fraternal, service, social or honorary organization (student who is pledging must withdraw his pledge).
4. A student may lose University- based financial aid.

5. A student may not represent the University in any capacity.
 6. If living in the residence hall, a student may have to vacate the residence hall by 5:00 p.m. the day the sanctions are imposed and may not continue the meal plan.
 7. The student may not use any University facilities including the pool, waterfront, student union, weight room, tennis courts and campus services. S/he may not visit the residence halls or campus.
 8. If living in the residence hall, the student may have visitation hours and visitors restricted.
 9. The student may have any or all the sanctions specified in items 1-5 above.
- Social probation becomes a part of the student's personal record and may be imposed for varying periods of time (generally 1 calendar year). Because further violations may result in suspension or expulsion, the parents or guardians are notified in writing.

1. Suspension - An official statement to the student that he/she is no longer enrolled in the University and is not allowed to participate in any phase of the University's life. While under suspension, a student may not visit the campus without prior approval of the Dean of Student Life. Persons excluded from the University campus that subsequently enter or remain on it are subject to arrest and prosecution. Suspension will be imposed for any specified period and becomes a part of the student's permanent record. A student who is suspended may apply for readmission at the end of the suspension period. Readmission is not automatically granted. The parents or guardians of a student are notified of a suspension. A student who is suspended is required to leave the campus by 5:00 p.m. on the day the sanction is issued. The Dean of Student Life may require earlier leave from campus when it is deemed in the best interest of the University or the student.

2. Dismissal - Mandatory withdrawal. Written reprimand in permanent file.

3. Social Dismissal - Termination of student status with no opportunity to apply for readmission. Upon dismissal a student may not visit the campus without the prior approval of the Dean of Student Life. Persons excluded from the University campus who subsequently enter or remain on it are subject to arrest and prosecution. A student who is dismissed is required to leave the campus by 5:00 p.m. on the day the sanction is issued. The Dean of Student Life may require earlier leave from campus when it is deemed in the best interest of the University or the student.

4. Violation of Probationary Status - A student who is alleged to have violated the Code of Conduct while being subject to disciplinary or final disciplinary probation may be charged with the separate offense of violating disciplinary probation.

5. Mediation - The University believes a strong system of mediation of disputes will encourage reporting and resolution of complaints. Mediation is appropriate when all parties involved (accuser/s and accused) voluntarily agree to engage in the mediation process. Mediation will involve resolution of the incident, including sanctioning when needed. If mediation fails, the case will be forwarded for a formal hearing.

6. Incident Reports - Incident Reports are used by Resident Assistants and Security Staff to document, in writing, irregular events which occur on campus. The Dean of Student Life will decide if a report merits referral to the Judicial Board, the Executive Committee, or the Residence Life Staff. Incident reports can also be used to report facts about theft, unusual events, accident, or illnesses.

Emergency Response and Evacuation Procedures

Upon the confirmation of a significant emergency or dangerous situation on campus, the University has developed the following procedures to facilitate notification and evacuation:

Webber International University has installed a state-of-the art campus alert system featuring Federal Signal's Eclipse 8 siren (mounted on the tall pole behind the classroom building). The siren warning is supplemented with Omnilert's mass SMS and email notification system to deliver emergency messages to subscribed devices. While no warning system can replace common sense and situational awareness, and while no system is foolproof, in the event of very serious emergency, we will activate our campus warning system. Except for our weekly test which occurs at 2:00 each Wednesday afternoon, **should you hear the siren or get a text message, you should take immediate action.**

Siren Alert Types

There are three distinct warnings the siren will generate: Fast wail for 1 minute: This indicates a serious emergency such as an armed intruder or tornado sighting. In this instance, it is recommended that you get inside, lock doors, stay away from doors and windows, stay low, and await further instructions. The siren will be followed by a Omnilert generated emergency text message sent to subscribed devices.

Steady tone for 15 seconds: This is the all clear signal. It indicates that the emergency has passed and that it is safe to resume normal activities. This should be followed by a Omnilert generated all clear text message sent to subscribed devices.

Slow wail for 15 seconds: System test. Scheduled for Wednesday afternoon at 2:00. No action is required.

Omnilert - This service is free to join (providing one has free SMS messages) and allows one to receive alerts and important information through e-mail and text messages from Webber (once you have joined and selected the means to which you would like to receive communication). In the event of the activation of the Federal Signal Eclipse 8 Campus Alert System, we will also send a message explaining the emergency. In order to join Omnilert, register at webber.omnilert.net or text WEBBER to 79516.

The Emergency Team is comprised of the following positions: President of Webber, Dean of Student Life, Vice President of Institutional Advancement, Vice President of Finance, Athletic Director, Director of Information Technology, and the Head Football Coach will meet to make this determination. Depending on the outcome of the meeting the following procedure will be put into motion:

In obvious emergency situations, the President will put the following into motion:

The emergency notification process involves the receipt of information, which then sets into motion the following action:

- a. Determination if the entire campus community, will receive the Emergency Alert Notification System-decision made by Emergency Team or President
- b. Compilation of the content of the emergency alert message decision made by the Emergency Team or President
- c. Activation of the Webber International University Emergency Alert Notification System-decision made by Emergency Team or President

Webber International University will, without delay, and taking account the safety of the community determines the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate emergency.

The Director of the Information Technology Department or designee is responsible for activation of the Emergency System as directed by the President and/or Emergency Team.

The University will disseminate the emergency information using its Emergency Alert Notification System (text messages, emails, phone announcements, and web page alert messages).

Webber International University Emergency Federal Signal Alert System equipment is tested every (Wednesday at 2:00pm) to ensure it is working properly. At least once per semester the university will conduct a full activation of the Emergency Federal Signal Alert System, as well as the Emergency Alert Notification system which will be advertised to the Webber International University community beforehand.

The University will test the evacuation procedures (used for fires or other serious emergencies) once per calendar year. Before, the emergency response and evacuation procedures are tested; the University community will receive adequate notification, as well as details regarding the evacuation procedure from each different location.

Evacuation Procedure –Fire and General Evacuation

If a fire or a situation that requires evacuation is discovered in a building, you should take the following action:

1. Immediately evacuate the building. As you leave, notify other occupants. Activate a fire alarm pull system.
2. Close room and/or hallway and stairwell doors as you evaluate.
3. Once you leave the building, do not re-enter **for any reason**. The purpose of any evacuation is to empty a building or area of all occupants as quickly and safely as possible.
1. In most cases that require evacuation of a building (fire, explosion, bomb threat), occupants should proceed to a clear or safe location away from the building, but where they can be accounted for. Webber Personnel or Emergency Personnel may direct you to other locations. Please comply with their requests in order to affect a safe evacuation.
2. Evacuation of persons with disabilities will be given the highest priority. They will be evacuated by the most expeditious and safe means available. If you are aware of person(s) with disabilities in your building who require assistance, please notify the Dean of Student Life, Director of Campus Services, Security, and Fire/Emergency Rescue Team
3. When evacuating the building, do not run. Walk and remain quiet. Be observant to your surroundings and know a second means of escape from your building in the event that your primary route is obstructed.
4. Occupants, once outside the building, should congregate with fellow students to make sure that everyone has evacuated safely. If you discover that someone is unaccounted for, notify a Security or the Fire rescue team. Intentional evading or refusal to evacuate will result in notice of violation.

Procedure for Student Housing Evacuation

Fire or other potential emergencies the dormitories may require the occupants, including students, staff, visitors, or staff from other University departments, to evacuate any or all of the college buildings. The following information and procedures have been designed to help ensure your personal safety, should an evacuation become necessary.

Unauthorized re-entry into a building during a fire emergency is not permitted. Violators of this policy are subject to University and state fire code sanctions.

During a fire emergency, only designated individuals may remain in the building to fulfill their responsibilities. All other occupants must immediately evacuate the building in accordance with the departmental emergency action plan.

Building occupants are not required to fight fires. Individuals who have been trained in the proper use of a fire extinguisher and are confident in their ability to cope with the hazards of a fire may use a portable fire extinguisher to fight small, incipient stage fires (no larger than a wastepaper basket). Firefighting efforts must be terminated when it becomes obvious that there is risk of harm from smoke, heat, or flames.

If you discover a fire: Alert people in the immediate area of the need to evacuate. Activate the nearest fire alarm; call Public Safety at 911 call Security 863-605-2499

If a building fire alarm is sounding or you receive notification of a fire emergency: Feel the door or doorknob to the hallway with the back of your hand. If it feels hot, do not open it - the fire may be on the other side of the door. If you are trapped, put a cloth or towel under the door to help prevent the entry of smoke. Dial 911 and tell the Public Safety dispatcher your location and telephone extension and that you are trapped in the room and need rescue. Stay on the phone until instructed otherwise.

If the door is not hot, open it slowly. If the hallway is clear of smoke, walk to the nearest fire exit and evacuate via the nearest stairwell to the street/grade level exit. Close doors behind you. Assemble at the area designated for your department and remain there until instructed by Public Safety or the fire department that it is safe to re-enter the building.

Any missing personnel should be reported to the R. A's or Dean of Student Life or Public Safety at the assembly point. Occupants will be advised whether they will be allowed to return to the building. If re-occupancy is not imminent, occupants will be directed to proceed to the Sabbagh Gym.

During an emergency, students and visitors who may not be familiar with this plan must be informed of the requirement to evacuate. Special attention should also be given to any persons with disabilities, especially those who are visitors or unfamiliar with the building.

If a fire condition is discovered in a building, you should take the following action: 1. Immediately evacuate the building. As you leave, notify other occupants. Activate a fire alarm pull station. 2. Close room and/or hallway and stairwell doors as you evacuate. 3. Once you leave the building, do not re-enter for any reason.

The purpose of any evacuation is to empty a building or area of all occupants as quickly and safely as possible.

- 1.) In most cases that require evacuation of a building (fire, explosion, bomb threat), occupants should proceed to a clear or safe location away from the building, but where they can be accounted for. Officials may direct you to other locations. Please comply with their requests in order to affect a safe evacuation.
- 2.) Evacuation of persons with disabilities will be given the highest priority. They will be evacuated by the most expeditious and safe means available. If you are aware of person(s) with disabilities in your building who require assistance, please notify an Official.
- 3.) When evacuating the building, do not run. Walk and remain quiet. Be observant to your surroundings and know a second means of escape from your building in the event that your primary route is obstructed.
- 4.) Occupants, once outside the building, should congregate with fellow students/staff/faculty to make sure that everyone has evacuated safely. If you discover that someone is unaccounted for, notify a Security or the Fire rescue team. Intentional evading or refusal to evacuate will result in notice of violation. In residence halls, the Resident Assistants and/or Webber staff members will go room to room to ensure that evacuation of the residence hall is completed, and evacuation procedures are followed.

Tornado Safety in Residence Halls

Tornado weather is usually a hot sticky day with southerly winds and a threatening, ominous sky. Clouds are often a greenish - black color.

Tornado watch means there are weather conditions suitable for a tornado.

Tornado warning means a tornado has been indicated on radar or has been sighted.

In the event of a tornado warning, Webber has an emergency horn that will sound. When you hear this horn, evacuate your room, and close the door. Walk to the lowest level hallway and wait there until you receive an all-clear signal from a R.A. before returning to your room.

During a Tornado:

1. Close the blinds and stay away from the windows.
2. Close but do not lock the door.
3. Walk to the lowest level hallway and wait for an all-clear signal from your Residence Assistant before returning to your room.
