

College of Health Professions and Science

Adjunct Nursing Faculty

Institution: Webber International University

Position: Adjunct Faculty – Nursing

Location: Babson Park, Florida

Type: Part-time

Webber International University and the Bachelor of Science in Nursing (BSN) Program invite applications for a part-time Nursing Faculty position. The Nursing Faculty report directly to the Nursing Program Director.

General Description of Position: Instruct nursing students in accordance with educational theories and techniques. Develop nursing related curricula, assess student learning, participate in program evaluation and college activities.

Work Hours: Work schedule varies according to teaching assignment, class schedule, and the needs of the nursing program.

Qualifications:

- Master's degree in nursing required, preferably in Nursing Education or an earned doctorate degree from a regionally accredited institution in the teaching or professional discipline.
- Prior college level teaching experience is preferred.
- Three years full-time clinical experience in the area/areas of teaching responsibility.
- Current unrestricted State of Florida registered nursing license.
- Current CPR Healthcare Provider.
- Effective oral and written communication skills.

Responsibilities

- Provide instruction for assigned courses.
- Maintain accurate course records required by the nursing program.
- Submit when due, attendance roster and grade reports.
- Maintain office hours each week.
- Remain current with trends, issues, and practices in nursing.
- Encourage students' professional development.
- Practice and promote academic excellence and scholarship.
- Demonstrate commitment to professional development.
- Able to respond to and assist students with questions and concerns in a timely manner.

- Observe College of Health Professions and Sciences, University, and BSN Program policies and procedures.
- Demonstrate teamwork and collaboration.
- Maintain accurate class and other records required by the University, College of Health Professions and Sciences, and BSN Program.
- Create, encourage, and maintain an inclusive environment that respects multiple learning styles.
- Work effectively to meet the needs of diverse student populations
- Use current and emerging technologies and alternative delivery methods to enhance student learning.
- Maintain positive working relationships with faculty, staff, and administration
- Other related duties, as assigned by the Nursing Program Director.

Other: Health and training requirements for the position as stipulated by clinical agencies, including but not limited to immunizations, titers, and CPR certification; excellent interpersonal, written, and oral presentations skills; proven educational or administrative experience in critical thinking, problem solving and judgment skills, and varied course delivery methodologies.

How to apply:

Please submit your curriculum vitae (CV) and cover letter outlining your interest in the position and your qualification.
